DART- DISASTER ASSESSMENT RESPONSE TEAM

DELAWARE COUNTY FAIR

UPCOMING HOLIDAY SCHEDULE

DART- Disaster Assessment Response Team

Delaware County has a memorandum of understanding for judicial assistance for the Ohio Building Officials Damage Assessment Response Team (DART). The memorandum of understanding provides a framework within which personnel may coordinate their services and equipment with the appropriate state agencies and/or organizations in support of statewide and local emergency management functions; its intended purpose through joint coordination and exercise of the resources of OBOA, Federal, State and local governments is to enhance the statewide posture of emergency management readiness for conceivable emergencies.

Last week DART members from the Delaware County Department of Building Safety were dispatched to Crooksville, Ohio to assist with structural assessments due to flooding.

Delaware County Fair

September 19th - September 26th, 2026

Tent inspections are being completed this week at the fairgrounds. The tents must be inspected and approved prior to being occupied.
